

After Slokness OR OPERATION

It is a pathetic mistake to accept drugs or alcoholic mixtures when nature craves nourishment to repair the wasted body and restore the vigor of health.

FOR FORTY YEARS the best physicians have relied on the whole-some predigestion nourishment in SCOTT'S EMULSION which is totally free from alcohol or opiates.

Scott's Emulsion sharpens the appetite—renews blood—nourishes nerves—strengthens bones and restores the courage of health to make life bright.

Scott's Emulsion sets in action the very forces that promote health.

Its purity, richness and strength has stood the test for forty years.

CAPTURED SHIPS INCREASE IN NUMBER

A number of vessels of large tonnage have been added to the list of steamships and sailing craft reported captured by enemies during the recent development of the European war.

To Havre, France, the Austrian steamer *Dinorah* was taken, but not as a prize; at Cape Town, South Africa, three German steamers from Hamburg are being detained, the *Hamm*, the *Apolda* and the *Rundgt*; to Bombay, India, the German *Hansa* liner *Rheinfaul* from New York, and *Wartum* from Antwerp, have been taken as prizes. The prize court has ordered delivery of cargo to the consignees, except to those who are German or Austrian subjects.

To Calcutta, India, the following *Hansa* Line steamers have been taken as prizes: *Pageturn*, *Freinfels*, *Frankenfels*, *Hohenfels*, *Kurmara*, *Trusburg* and the Austrian steamer *Perla*. The American consul advises that all neutral cargo will be undoubtedly released. At Colombo, Ceylon, the German ships *Rappenfels*, *Trifels*, *Fourth*, *Eleturn*, *Reichenfels* and *Holtenfels* have been captured. At Rangoon, India, the Hamburg-American steamer *Alesia* was seized on arrival, but the cargo owned by neutrals has been released.

At Quebec, Canada, the Austrian steamer *Ida* from Trieste was seized. Subsequently, however, her cargo was discharged, and for the reason that she reached Canadian waters before the declaration of war, it was permitted to proceed to New York under guarantee against capture en route.

Customs receipts at the port of New York last week were \$2,614,560, against \$4,367,262 the same period last year.

REPLIES RECEIVED TO MESSAGES SENT BY NEW WIRELESS SYSTEM

While the 200 citizens of Honolulu who attended the impressive ceremonies incident to the opening of the Marconi wireless station yesterday were traveling homeward, replies to the many messages sent from the new station were tumbling through space. Before the special train had left Kahuku one or two messages of congratulation and good will had been received and during the afternoon and evening many answers were received.

The home-bound journey was made without incident or accident. A number of the guests who had motored part of the way to Kahuku left the train at Haleiwa to rejoin their machines, and these arrived in Honolulu some time before the train, although it came in ahead of the expected hour.

After the luncheon yesterday, which wound up with three rousing cheers for Marconi himself the guests boarded the train with little delay. The overloaded skies, which had threatened to break several times during the morning, finally gave way just before the train started, and during the trip it rained steadily. A "we should worry" spirit prevailed among the guests, however, and the time passed pleasantly.

Following are messages received too late for publication yesterday:

From President Wilson to Governor Pinkham:

"The Governor of Hawaii, Honolulu: 'May God bring the nations together in thought and purpose and lasting peace.'"

"WOODROW WILSON."

From Secretary Garrison to Gen. Carter:

"General Carter, Honolulu: 'I wish to extend my heartiest greetings to the people of Hawaii on this our first opportunity for direct communication by the most modern of means. This occasion merely serves to emphasize the close ties that will always bind the people of this country to our fellow-citizens in Hawaii. I feel sure that it will result in further increasing the present well-deserved prosperity of that beautiful island.'"

"GARRISON, Secretary of War."

From Secretary Redfield to Dr. Cooke:

"Dr. Montague Cooke, Honolulu: 'Remembering pleasantly brief visit at your home fall of nineteen ten permit me express my hope opening wireless telegraph with Honolulu will unite friends more closely and permit frequent renewals of delightful meetings. Regards to self and wife.'"
